

Deltek Mobile Quick Install/Re-Install Guide

For Non-MFA Users

Updated 01/12/2024

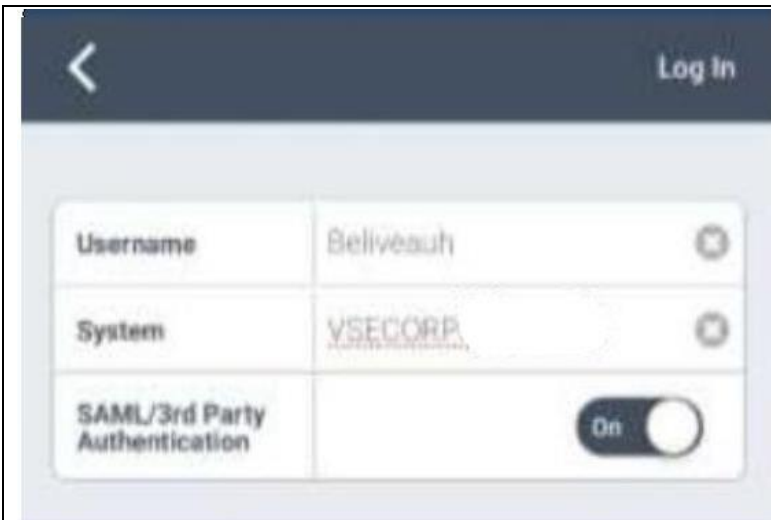

Pre-Installation:

If you already have the Deltek Mobile T/E Application installed on your device, you must first Delete that application before you can begin the new installation.

To delete your existing application, hold down on the Costpoint icon until you receive an option to either *Remove App* or *Uninstall*, if you get additional pop-ups you want to *Delete App*.

Installation Instructions:

	<ul style="list-style-type: none">• Scan this QR Code with your device• This QR code is for Android phones
	<ul style="list-style-type: none">• Click Link 1, follow instruction on your device to install the application.
	<ul style="list-style-type: none">• Enter the server URL populated and points to: https://vsecorp-cp.deltakenterprise.com/deltektouc• Then Click Connect

- Slide the Button to Turn SAML/3rd Party Authentication On
- Enter in your Username
- Enter in the System Name: VSECORP
- Click Log In

- Select the method you wish to login to the mobile app in the future
- These options will vary based upon your device.

Please verify that you can view/add additional entries to verify functionality. If issues occur, please call 703-329-4357 or send a service ticket to VSE Service Desk at helpdesk@vsecorp.com.
